On Motion - Director Rudy Mussi

Second - Director Eddie Zuckerman, the Board unanimously adopted the following resolution:

**RESOLVED** that the bills of the Agency be and they are hereby approved for payment as submitted.

On federal legislation the Harder bill limiting the USACE permitting for the tunnel was referred to the committee on Water Resources and Wildlife. On State legislation flood control bond measures and various water right related measures were being considered.

A workshop on the SWRCB Water Unavailability Model will be held on March 10<sup>th</sup>.

Lindsay Kammeier reported on the status of the ACP and OpenEt for Water reporting.

The deadline for SO and License reporting is extended to April 1, 2023.

On Tunnel related Temporary Entry Permits it was reported that DWR was proceeding with additional entries. Related favorable CEQA litigation is being addressed as to applicability to further entries.

As to other agency litigation the litigation against the SWRCB potentially will include the broadest range of important issues.

The Delta Stewardship Council is continuing to proceed with a proposed regulation relating to the Delta Levee Investment Strategy which is inconsistent with the Flood Hazard Mitigation Plan for the Delta, ignores the Delta levees as a system and overlooks many of the interrelated flood impacts and risks.

Comments are being prepared on the USACE DEIS EIR for the DWR tunnel project.

On levee programs it was reported that DWR has released a Solicitation Package oriented towards Habitat Improvement.

The Delta Protection Commission is working on comments on the USACE DCP DEIS and providing comment on the DSC Delta Levee Investment Strategy.

Applications for the DRIP program closed on October 18<sup>th</sup> and greatly exceeded the number of applications filed last year. The compensation for proposed water savings was substantially lower than for last year.

Thereafter, there being no further business to come before the meeting the meeting was adjourned.
